

Basic For Loop

```
#include <stdio.h>
main()
{
    int i;

    for ( i = 0; i < 5; i++ )
        printf("%3d \n", i);

    printf("Always prints \n");
}
```

==>

```
    0
    1
    2
    3
    4
Always prints
```
